COVID-19 Vaccine Schedule

Updated 1/13/2021

COVID-19 vaccines will be distributed within San Benito County through the local health care system, including Public Health. At this time, vaccine supplies are limited, and it is uncertain when vaccines will be available. Phase and Tiers may change at any time based on recommendations by the CDC and California Department of Public Health.

Phase 1A: Current Tier				
NEAR COMPLETION	NEAR COMPLETION	CURRENTLY VACCINATING		
Tier 1	Tier 2	Tier 3		
<ul style="list-style-type: none">• Acute and healthcare staff, assisted living facility staff/residents, EMTs, paramedics, dialysis center staff.	<ul style="list-style-type: none">• Home health and in-home supportive services, public health, primary care staff, FQHCs & urgent care clinics	<ul style="list-style-type: none">• Specialty Clinics (staff)• Laboratory workers• Dental and other Oral Health clinics• Pharmacy Staff not working in settings at higher tiers.• Mortuary service industry		
Phase 1B: Vaccinating Next When Doses Available From CDPH				
Tier 1:	Tier 2:			
<ul style="list-style-type: none">• Individuals 65 and older• Those at risk of exposure at work in the following sectors: education, childcare, emergency services, and food and agriculture.	<ul style="list-style-type: none">• Those at risk of exposure at work in the following sectors: transportation and logistics; industrial, commercial, residential and sheltering facilities and services; critical manufacturing• Congregate settings with outbreak risk: incarcerated and homeless			
Phase 1C:				
<ul style="list-style-type: none">• Individuals 50 -64 years of age• People 16-64 years of age and have an underlying health condition or disability which increases their risk of severe COVID-19• Those at risk of exposure at work in the following sectors: water and wastewater; defense; energy; chemical and hazardous materials; communications and IT; financial services; government operations / community-based essential functions				

Depending on vaccine production and how quickly other vaccines become available the best estimate of when the general public, who are not otherwise in Phase 1, could receive the vaccine would be Spring 2021, but that may change.
